1. This farm consisted of 5 shops and the
venas attached are in close proximity to Bangalore
city It was sold for Rs 212-8-0 including cess or Rs 3187/8
for 15 months. It was purchased by one Raghavendra
Row, the agent of Bajjanna who originally purchased
the Bangalore City Farm and whose tender was
rejected on special grounds. —

2. As the Bangalore City Farm was worked by
Govt in Amani and the venas of Harohally Farm
from their proximity being needed Govt took
over this farm to get the Venas.

Harohally Fort and Petta in the hands of Govt valued
at Rs 1837/8/- (the difference between Rs 3187-8-0 para 1
~~Rs 1350/- para 3~~) which was the demand for the
whole Farm for the 15 months ending 31st June 1894 (
Rs 1350 - para 3)

5. The Amani management in the City of
Bangalore failed and Govt disposed of the farm
to Messrs Rudrappa Chetty & Co, and directed all Amani
arrangements

arrangements to be closed on 31st December 1893, and this fact was known to the Deputy Commissioner in November 94. The Deputy Commissioner should therefore have disposed of these two shops on 1st December or at least by 1st January 94, as he was expressly desired to do so by the Excise Commissioner in Docket No. 1971/120 dated 4th December 94. The delay is owing to attempts being made to get the new Contractor, for the City to take up these two shops, which he declined to do, & the shops were worked in Amani for two months more & then sold for Rs 75/7/- in February 94 for 4 months for Rs 75/7/- Monthly × 4 = Rs 301-12-0

(2) Add Amani sales of Toddy at 2 shops for 11 months April to Feby 94 — 580-8-4

(3) Add sale of Toddy imported from the Forka Farm Vanas of Harohally to Bangalore City Farm — 1,398-1-6

Less Cost — 380-6-9

Net 1017-10-9 → 1017-10-9

Add sales 3 Shikari shops as per para 3 of this note — 1350-0-0

Contd.

The office note adds to the confusion instead of trying to remove it.

The monthly rental of the 5 shops in question was Rs 212-8-0. The portion of the land was measured in January for the first 11 months & the rest for 9 months only.

The result deleted Rs 165-7-0.

The difference per month was Rs 47-1-0. For 4 months, the loss amounted to Rs 188-4-0.

The proportionate monthly rental of the portion measured in January in the 10½ months was Rs 212-8-0 minus Rs 90 = 122-8-0. For the 2 months it was Rs 245. Deducting the net income realised viz Rs 13-15-1, the loss was Rs 231-0-11.

Adding together Rs 188-4-0 & 231-0-11 the total loss comes to Rs 419-4-11 which is the amount now recommended for remission.

In other words, the loss in the 10½ months amounted to Rs 231-0-11, & in the remaining 4 months to Rs 188-4-0. Total Rs 419-4-11.

This may be sanctioned with the observation that of all the 5 shops had been leased in proper time instead of 2 of them containing under Mamun Management for 10½ months, the loss would have been very much less.

To,

Sir,

In reference to paragraph 2 of your letter No: 1971/120, dated 4th December 1893, I have the honor to report that the 2 shops out of 5 of the vend farm in question, which were worked under Amani were sold from 1st March 1894 for Rs 75-7-0 a month, inclusive of local cess, the other 3 shops having been sold for Rs 90/- a month, from the beginning of the year. The Amildar of Bangalore reports

reports that in January and February the Collections were Rs 43-12-8 and the cost was Rs 29-13-7 which leaves a net profit of Rs 13/15/1. The question as to why the collections should have been so low, I shall enquire into separately, in view to punish the official who is responsible. Apart from this, we have to remit to Hankanhalli Taluk the difference between the monthly demand and actual collections, for which, I enclose a remission statement. —

Enclosure 1/1 to 6432

The Deputy Commissioner's No: 367, dated 9th instant.

In reply has the honor to-request explanation on the following points:—

(1) What circumstances necessitated the taking over of the Toddy shops in the Hankanhalli taluk, under Amani management in connection with the Toddy Farm of the Civil and Military Station and City of Bangalore?

(2) After the whole 5 toddy shops in the said taluq were taken over, why were only some worked under Amani, the other shops being leased again by the Amildar

Amildar of Bangalore?

3) The said shops having been taken over by the Amildar of Bangalore for the amounts for which they had been sold in the Kankanhalli taluk, the Amildar should have remitted to the Kankanhalli taluk regularly, every month, the khists due to that taluk. Why did he not do so?

(4) Who is responsible for the loss sustained by the Kankanhalli taluk?

(5) The Amani management of the Bangalore Farm closed on 31st December 1893. The fact that it had to close on that date was known to the Deputy Commissioner on 17th November 1893. Why were the above shops not sold in the beginning of December 93,

So

so that the purchasers could have worked them from 1st January 1894 from which date the contract of the Bangalore Toddy Farm was given to Mr. Rudrappa Chetty?

2. Further report on the result of the Deputy Commissioner's enquiry as to why the collections from the aforesaid shops in Bangalore, is also awaited.

No. 210.

Sir,

Sir,

In reply to the explanation called for in your docket No: 4079/233, dated 15th June 1894, I have the honor to state that Harohally Sirka of Kankanhally Taluk consists of 5 shops, and the vanams assigned to it being in the close vicinity of those assigned to the Bangalore City and Cantonment farm, could conveniently supply toddy to the latter farm. It was for this consideration that the Harohally Farm was purchased by Raghavendra Row, Agent of Bajjanna, who bought the Bangalore City farm in the first sale held by Mr. Raghunath-Row. When this sale was cancelled and the City farm was taken under Amani, the Harohalli farm was

also

also taken over from Raghavendra Row.

2. So many of the farm shops as were considered not likely to interfere with the supply to Bangalore farm their having separate vanams were sold again and the others were kept under Amani.

3. A great deal was paid. Certain items remained unpaid owing to certain bills relating to the Amani not having been passed in time in consequence of want of sufficient information or other causes.

4. The rental of the farm was Rs 212-8- a month including local cess or Rs 3187-8- for 15 months. Our return from it was the toddy we obtained from the farm vanams for the Bangalore

Shops

shops and the (11) rental of the sub-leases and Amani collections of 2 shops for 4 months. From these vanams we obtained 1014 ghadas and 7 seers of toddy of which we sold 932 ghadas and 6 seers, which at Rs 1-8-0 per ghada yielded Rs 1396-1-6. Of the cost of the supply of 1014 ghadas and 7 seers viz: Rs 380-6-9 is deducted from the total yield, the net yield was Rs 1017-10-9. Add to it the rentals which amounted to Rs 1985-10-1. Thus the total yield was Rs 3003-4-10. Thus the apparent loss is Rs 184-3-2 which is in fact hardly any loss, as we had to throw away 82 ghadas and 6 seers in Bangalore. 2 shops were under Amani for 11 months during which period they yielded Rs 33$\frac{4}{7}$-14-1. To a private farmer they

they would have certainly yielded much more. Amani sales under a low paid official are necessarily disadvantageous. If there was any loss at all, it was in this way and it could not be avoided. No body can be held responsible for it.

5. Till the last moment, we were not certain whether we could get a fair offer for the Bangalore Town farm and the Amani shops could not therefore be sold in anticipation of the sale of the Bangalore farm. After the sale was concluded it was necessary to ascertain from Mr. Rudra-pa Chetty whether he would keep the Harohally farm and he took some time.

6. Paragraph 2. Please read the concluding remarks in paragraph 4 of this letter.

Sir,

In reply to the General queries of the Chief Secretary in re the Remission Statement for Harohally Farka, I have the honor to report as follows:—

A. Three shops were leased out for all the 15 months; Kanavakete at 50 Rs. per mensem and Medi-mavanhally and Sadanhally together at Rs. 40. The whole rental of Rs. 1350 was realized.

B. The Harohally Farka and Pettah shops were worked in Amani for 11 months. A detailed statement, showing the Amount of toddy sold per month, the value

Ex: Commissioner's No: 4082/195-
dated 29-3-95.

value thereof, the expenses incurred and the net profits ——————— per month, is herewith submitted.

From the groves assigned to these shops 1014 ghadas of toddy were supplied to the Bangalore Amani farm. Hence the net profits viz, Rs. 320-8-0 of the two shops for the first 9 months were paid into the Bangalore Amani dumpest amount, and the full rental for the shops was paid into the Kan-kanhally Treasury from Bangalore This amounted in all to Rs. 1102-8-0 at the rate of Rupees 132-8-0 per month.

The shops were worked in Amani for two months longer after the Bangalore farm had been sold to Rudrappabhetty and the net profits gained thereby was Rs. 13-15-1. They were sold in February 1894 for 4 months at 75 Rs. 7 as. per month and so realized Rs. 301-12-0.

The total receipts from

these shops thus amount to Rs. 315—11—1.

C. Adding A and B the total realization from the farm is Rs. 2768—3—1. Its value at Rs. 212-8—a month is Rs. 3187—8—0. Deducting therefrom the actual realization, there is a balance of Rs. 419—4—11 which is recommended for remission

D. The answer to this question has been given already in para 5 of my letter No: 210, dated 18th January 1895

E. No revised statement is necessary as explained above.

I have &c

Letter No: 3231/3044 dt 25/26 Jan 95. forwarding a Remission Statement for Rs 419-4-11, received from the Deputy Commissioner, Bangalore District, being the irrecoverable arrears of Toddy Rents for the year 93/94 F. in the Kanakanhally Taluk on account of the loss incurred in managing the shops departmentally and soliciting sanction thereto.

and subsequent correspondence ending with 11th 79th dt 14/18 Aug/95 from the same officer.

Order thereon No: 3231-32 EX102 dt 16.9.95

Sanctioned with the observation that if all the 5 shops had been re-sold in proper time instead of 2 of them continuing under Amani management in the 10½ & 11½ months, the loss would have been very much less.
